Sprint One
Software Engineering: Processes and Tools

Sprint Planning
Alana Tobgui (s3760538)

Sprint: Sprint 1
Date: 29/07/2020
Scrum Master: Alana Tobgui (s3760538)
Development Team: (place all here)
Alana Tobgui (s3760538)
Dan Bound (s3719027)
Gleb Bogachev (s3694543)
Xuan Vo (s781244)
Sprint Goal: The goal of the first sprint is to have the ability to view the home, about and contact page, as well as being able to register and login as all three possible users (being a customer, admin and employee)
Sprint Capacity: There is an intermediate level of skill within this assigned group. Given their confidence and skill level in different areas, each individual is assigned to a role that best suites them.
Special Circumstances: No special circumstances are currently known within the group.
User Stories:
As a user, I want to access the home page so that I can see all the options available for me to use on the website
As a user, I want contact the company via telephone, so that I may enquire about booking issues I may have
As a user, I want to I want to see the company's email address, so that I may send them emails about booking enquiries.
As a user, I want to view the About page, so that I know the aim of the website that I will use.
As a user, I want to access the "Personal" page in order to know what permissions I have on the website.
Summary:
Creation of the Home page, with links to an "About", "Contact Us", "Home" and "Personal". The backend of this project is allocated to Daniel Bound, whilst the front end development is allocated to Gleb. Information that will be found within the About and Contact pages will be developed by Alana.
